

Lineups:

- All players, all positions, no penalty
- All lineups were reasonable in terms of player positions, but some players who realistically won't play made it into the team
- On paper its fine, in reality you're being too risky

Best pos no rand:

- 25 man squad, rating in unsuitable positions got have penalty
- Line ups were better, however Robertson never played?

Min worst rating:

Penalty no rand best pos:

- Line ups very consistent
- Penalty working!
- Starting 11 playing at least 25 games
- Line up avg rating is trying to beat opposition, else 75
